

WALKERSTON/PALMVIEW HOMES

WHEN you buy a home, you're investing in so much more than just bricks and mortar.

You're investing in a lifestyle for your family, a haven for the most important people in your life and a place where memories will be made.

Choosing a home and location where your children, and perhaps grandchildren, will learn to ride bikes, where your family and friends will celebrate special occasions, where the aroma of mum's Sunday roast, dad's aftershave wafting from a steamy bathroom, sun-dried sheets and a freshly mowed lawn will form fond and everlasting memories is one of the most significant decisions you will ever make.

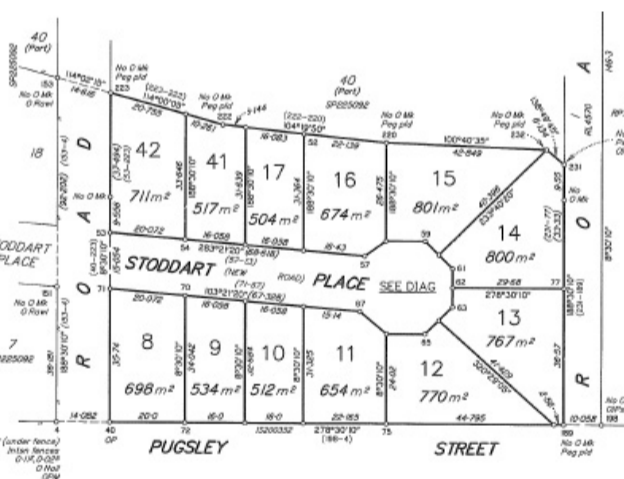

Lifestyle, family life and security are at the heart of Stoddart Place – the new prestige residential estate at Walkerston.

Building at Stoddart Place in the serene, family-friendly suburb of Walkerston – is more than an

investment in your future wealth.

Living in Walkerston provides you and the important people in your life with a quality lifestyle – offering serene homes sites within close proximity to schools, medical centres, pharmacies as well as grocery and specialty shops.

You'll spend less time travelling into town and more time doing the things you love with the people who are important to you – when you build on one of their pristine blocks in one of the region's most lifestyle-friendly suburbs.

Local builders Palmview Homes can expertly assist home owners to bring

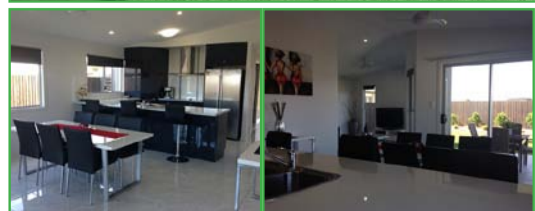

their dream lifestyle into reality with a design and construction service that is as personal as each client's unique lifestyle.

Their dedication to service and quality workmanship is backed up by their commitment to their client's individual needs. "We offer a free consultation, design and drafting service – which represents a substantial saving to our clients. Using our own in-house design programs we work with our clients to create a concept and a price. There is no obligation to the client – we want each of our prospective clients to have a clear understanding of what we are able to do for them so they can build with peace of mind," Steve Challen from Palmview Homes said.
